

AMC Design and Manufacturing Announces Availability of Vacuumatic Reel Tabbing Systems

Cranston, RI— Vacuumatic Reel Tabbing Systems — Beginning in 2014, AMC Design and Manufacturing is announcing the availability of Vacuumatic Reel Tabbing Systems, enabling AMC's customers in the United States access to the best web marking system on the market.

“Vacuumatic's RTIS Web Marking Systems offer unparalleled waste control by enabling our customers to fire adhesive marker labels onto the edge the moving web material at speeds of up to 600 meters/min with no physical contact to the moving web,” said Kurt W. Kern, President at AMC Design and Manufacturing.

“Vacuumatic is very excited to partner with AMC Design and Manufacturing to market our Reel Tabbing Inserter Systems in the United States. AMC has a long history of providing solutions to the printing and plastics industry and together we will be able to support our customers on many levels” Heribert Vierboom, Technical Sales Manager, Web Products.

Positive Customer Impact

Customers all over the world have already benefited from deploying Vacuumatic Reel Tabbing Systems. Now it is time for the North American Market to benefit from Vacuumatic's experience and superior design.
